PROFILE

With more than five years of experience in testing, I managed to work on a lot of different projects. I have practical knowledge and skills in manual testing. Also, I have successfully tested and implemented a project into the work process. Experience of managing a small QA team of six people.

EXPERIENCE

November 2016 – January 2020
Yukon Software LTD

Location: Chernivtsi, Ukraine
Position: QA Engineer, QA Team Lead

Since I started my career in Yukon, I have worked on at least six different projects. The main and the biggest one is a software platform that makes it possible to combine a lot of different systems and devices for working together and messaging between each other.

My responsibilities included:

- Reviewing requirements, their estimation;
- Test planning and execution;
- Performing functional, regression, usability, data migration testing;
- Web, mobile and cross-browser testing;
- Creating new and updating old test cases, checklists, test documentation;
- Reporting bugs and their retesting
- Close communication with developers and stakeholders;
- Mentoring trainees.

Skills: Jira, Mantis, Trello, Jenkins, PostgreSQL, TestRail, PuTTY, WinSCP, pgAdmin, Beta crashlytics, Testflight, App tester

April 2015 - July 2016
Logrocon Software Engineering
Location: Moscow, Russian Federation
Position: QC Engineer

I worked on two different projects such as a billing platform for mobile network operator and a website for buying tickets and online booking.

My responsibilities included:

- Performing functional, regression, usability testing;
- Web, mobile and cross-browser testing;
- Creating new and updating old test cases;
- Reporting bugs and their retesting.

Skills: Jira, TeamCity, Oracle PL/SQL, MS SQL

EDUCATION

National Research University of Electronic Technology (MIET)

Department: Department (Institute) of Economics, Management and Law
Master's degree, Project Management, graduated with honors
Location: Moscow, Russian Federation
2008 – 2010

Yuriy Fedkovych Chernivtsi National University

Department: Department of Economics
Bachelor's degree, Industrial Management, graduated with honors
Location: Chernivtsi, Ukraine
2004 – 2008

April 2011 - March 2015
Greece Visa Application Center
Location: Moscow, Russian Federation
Position: Senior Specialist, QC tester

From May 2014 to March 2015 along with my direct responsibilities as a senior specialist, I also worked on the project - Remote Data Processing Unit as a QC tester.

My responsibilities related to testing included:

- Manual testing;
- Reporting bugs and their retesting;
- Creating stories for implementation of new features;
- Creating improvements for updating features that already existed;
- Integration a part of software into the work process (installation, user's manual preparation, training employees and control over the whole work process in the new system).

Skills: Jira

From April 2011 to April 2014 I worked as a senior specialist.

My main responsibilities included:

- Advising customers;
- Acceptance and processing of documents for visa, their hand-over to customers;
- Preparing daily reports;
- Teaching new employees;
- Work process coordination.
